

Project Lead the Way is one of the many high school programs in New Hampshire that provide students with preparation and training in real world curriculum.

Become a part of Project Lead the Way (PLTW) today!

Are you a problem solver? Do you take things apart to see how they work? Careers in Engineering and Engineering Technology offer attractive wages and benefits.

Associate degree, bachelor degree and postgraduate degree opportunities are available right here in New Hampshire.

You COULD be earning college credit now!

Engineering careers include:

- Civil, Mechanical, Chemical and Architectural Engineering
- Manufacturing
- Project Planning and Management
- Plant Management
- Ocean Systems

PLTW coursework includes:

- Introduction to Engineering Design
- Electronics
- Principles of Engineering
- Manufacturing and Mechanical Engineering
- Civil and Architectural Engineering
- Engineering Design and Development

Why participate in PLTW?

- Becoming a PLTW member now will provide you with a strong academic head start for college and for the rest of your career training.
- Some colleges offer transcript credit for PLTW courses taken during high school.
- PLTW has strong employer support from members of the engineering community, giving you an earlier opportunity to network.
- Now is the time to start thinking about whether Engineering is the right career for you.
